GPS Tracking & Stolen Vehicle Recovery System

Nationwide Coverage

Our nationwide wireless network and GPS satellite technology provides a powerful vehicle location and theft recovery solution.

GPS Vehicle Locate

Real-Time Internet tracking of your stolen vehicle by our 24/7/365 response center for fast recovery.

Early Warning Security

The Mobiletrace system can detect if your vehicle is being tampered with and send you notification if such an event occurs.

Automated Theft Alert

Real-Time notification to your e-mail, or cell phone if your vehicle's alarm is triggered or the Virtual Security fence has been violated.

Teenage Driver / Parent Contract

Before you give them the keys, see our MobileTraceRI Safe Driving Contract.

Keep Elderly Loved Ones Safe

Track and get email alerts when speed limits, or boundaries are exceeded.

Increase Business Profits

Monitor routes and stops, decrease excessive speed, and receive lower insurance rates.
